**Toni Buzzeo and Jane Kurtz**

Exciting, productive connections with authors, illustrators, and storytellers are at your fingertips with this resource. Unlike other author visit guides, this book goes beyond nuts-and-bolts planning to how to create the best possible encounters between students and authors. Successful visits in real space and in cyberspace are described, giving you specific ideas of the many ways to connect with and create meaningful links between bookpeople and children. Choosing the right guest, guidelines for successful visits, curriculum guides and making curriculum connections, using e-mail to connect with bookpeople, having live chats in virtual space, taking advantage of ITB and satellite technology, and using such props as realia are some of the topics covered. Lists of author/illustrator Web pages and managed Internet sites for author interaction are included. **Grades K–12.**

*Toni Buzzeo*, chosen as the Maine School Library Media Specialist of the Year, works at Longfellow School Library Media Center, Portland Public Schools, Maine. *Jane Kurtz* is a children's author and lecturer in the English Department, University of North Dakota, Grand Forks, North Dakota.
